

KAT
KISTENMACHER
AUTO+TECHNIK

Petrol flows through our veins.

There's probably no better way to describe KISTENMACHER: we have now been one of the leading exporters of premium quality spare parts for the automotive industry for over 40 years – and we're still just as passionate about our work as we were when we started.

It all began with E.G. KISTENMACHER GmbH & Co. KG as long ago as 1900 – until this long-established company was further expanded by KISTENMACHER Auto + Technik GmbH & Co. KG. Since then, we have been able to successfully consolidate and expand our position as a hub connecting brands and markets.

Our expertise derives from many years of experience working in the Near and Middle East. That's why so many well-known OE and OEM suppliers put their trust in KISTENMACHER. Our vast experience in other markets and with other cultures has been one of the decisive factors in our expansion into the markets of north- and south-eastern Asia that began in 2005.

In the meantime, we have maintained long-term partnerships with many customers in the countries of these regions and, through us, they have access to an enormous range of products that now includes over 10,000 different spare parts for Mercedes-Benz, BMW, Volkswagen, Audi, MAN, Scania and Volvo vehicles.

Our passion for the part.

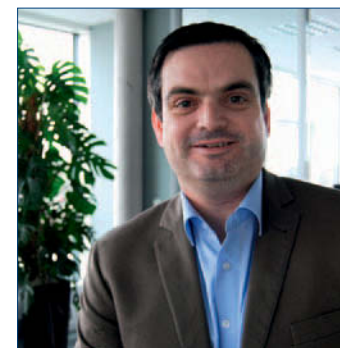

The people behind KISTENMACHER are a team with many years of practical experience and with one thing in common: the love for "parts".

Our customers reap the benefits of this vast amount of experience – today, there's hardly a problem we can't solve and hardly a part we can't deliver. When it comes to supplying parts from our range to customers overseas, the close collaboration with our contracted logisticians ensures fast, flexible and extremely dependable delivery. Or, as we like to say: if it can be done, we can do it!

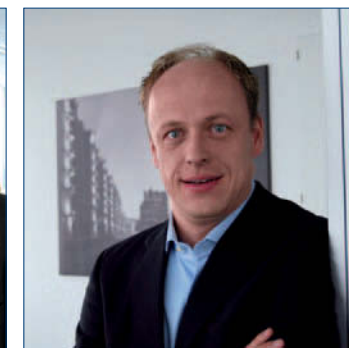

Another of KISTENMACHER's strengths is that we truly understand our customers – our regular trips abroad create new customer relationships while providing ideal opportunities to visit our existing customers too.

And of course it's only natural that the same applies to our suppliers too. And this is the only way to maintain the quality standards our customers rightfully expect and deserve.

The most important part: our partners.

KISTENMACHER only handles with selected brands that guarantee the very best in premium quality. Our relationships with our partners have been built up over many years, and this is a fact that creates immense mutual trust and ensures that everything goes smoothly when the situation becomes tough.

We know where we are with our suppliers – and they know it too.

Together we get things moving.

0049

alternators, starters, tensioners, oil dipsticks, shifting cylinders, blinker switches, turbo hoses, window lifters, cranks, door handles, clutch release levers, voltage regulators, brake switches, modules, oil separators, hand- and feed pumps, cabin pumps, fan blades, fan clutches, control valves, clutch servo units, tail light, head lamps, washer pumps, fuel pumps, sensors, switches.

ATE

brake discs, brake pads, brake shoes, brake drums, brake calipers, brake boosters, master brake cylinder, brake hoses, brake fluids, clutch cables, master and slave cylinders.

BOGE

shock absorbers.

COHLINE PRODUCTS

brake lines, fuel lines, injection lines and fittings.

CORTECO

CFW (Simmerring) oil seals and o-rings, rubber-metal parts and interior filters.

DINEX

mufflers, tail pipes and vertical exhaust systems.

ERNST

exhaust systems.

FZBH

brake drums and brake discs.

GF

fifth wheels, king pins, mounting plates and accessories.

GST

brake, wheel and engine sensors.

HUTCHINSON

v-belts, poly-v-belts, tensioners, rubber to metal parts.

IWIS

timing chains.

KAE

control units, relays, switches, regulators, ignition modules.

KME

coil and cabin springs.

LASO

rep.-kits, chain tighteners, oil pumps, water pumps, engine housing parts, transmission parts.

LESJÖFORS

gas springs.

MAX KLEIN

wheel- and claw spanners.

MEKRA

mirrors, mirror glasses and brackets.

PENTOSIN

engine and transmission oil, brake fluid, antifreeze.

SAF HOLLAND

axle systems, landing legs.

STRIBEL

relays, modules.

SWF/VALEO

wiper blades, wiper motors and blinker switches.

TRILEX

wheel-systems and -parts.

VDO

electronics and mechatronics

0049 – this number always gets you back on the road.

This is the number to look up when you need high-quality premium parts as fast as possible.

KISTENMACHER sets new standards with 0049 – our house-branded spare parts are not only delivered in record time, they also offer extremely long life at realistic and reasonable prices. Moreover, 0049 ensures an above average product diversity and range.

A further benefit of 0049 is its global marketing perspective – this means that other spare parts exporters can include our 0049 brand parts in their ranges and considerably expand their portfolios.

0049 is built on quality standards that have always enjoyed an excellent worldwide reputation: quality according to German specification.
